

Master Thesis Project Defense

Master in Quantitative Biotechnology

Committee 1, July 2021

The students registered for the **defense of the Master Thesis Project (MTP or TFM)** within the **Master in Quantitative Biotechnology** under Committee 1, July call in the academic year 2020/2021, are summoned for next **Thursday, July 8**, at the **Computing Room (floor 1.1) of the I+D Building (Mariano Esquillor s/n)**, according to the schedule detailed below.

10:00 Carlos Matute Lamana

10:30 Daniel Eduardo López Martínez

The assessment of the TFM will be done according to the evaluation criteria established in the teaching guide corresponding to the Master in Quantitative Biotechnology. In accordance with the guidelines for the preparation and defense of the TFM of this master's degree, students will have a maximum time of 15 minutes for their presentation. After the presentation, the evaluation committee will discuss with the student for a time not exceeding 30 minutes on the aspects of work that it deems appropriate.

1. The committee will evaluate the TFM taking into account the quality of the presented report, its presentation and the subsequent debate, as well as the assessment made by the director(s).
2. The evaluation criteria will be the same for all committees, which will use the Evaluation Rubrics Forms approved by the CGC dated April 27, 2018, in accordance with the guidelines set out in the Teaching Guide, and which consist of the following documents: a) Rubric for Dissertation Evaluation of the TFM (40% of the final grade); b) Rubric for Evaluation of the Defense and Debate of the TFM (40% of the final grade: 25% presentation and 15% defense/debate); c) Rubric for Evaluation of the Development of the Project by the director(s) of the TFM (20% of the final grade).
