

Master Erasmus Mundus in Membrane Engineering for a Sustainable Development MEMTECH S1-UNIZAR

All classes in [Aula 2.16 Betancourt](#)

	Monday	Tuesday		Wednesday	Thursday		Friday	
8-9	69814 Industrial and R&D project manag (theory)						69813 Organizations and their HR management (theory)	8-9
9-10	(Grupo 874 MUIng. Industrial)						Grupo 874 MUIng. Industrial	9-10
10-11	69814 Industrial and R&D project management (Grupo 874 MUIng. Industrial)	69818* Enterprene rship and innovation ONLINE (Nova Lisboa)	69817# Team work Project		69818* Enterpreneurship and innovation ONLINE (U Nova Lisboa) (4 th September-31 st October)		69813 Organizations and their HR management (practical sessions) 5 sessions 3h 20/09, 27/09, 4/10, 18/10, 29/11	10-11
11-12								11-12
12-13		69817# Team work Project	69817# Team work Project		69817# Team work Project	69817# Team work Project		12-13
13-14								13-14
14-15		Lunch break	Lunch break		Lunch break	Lunch break		14-15
15-16		69816 Ecodesign and LCA		69815 Economy and Industrial Organization (Grupo 772 Master Ing. Química)	69815 Economy and Industrial Organization (Grupo 772 Master Ing. Química)			15-16
16-17								16-17

*Enterpreneurship and innovation. Online course from 4th September to October 31st. All students, all tracks

** Team work project. 2nd November to December 19th. All students, all tracks

Master Erasmus Mundus in Membrane Engineering for a Sustainable Development MEMMAT S2-UNIZAR

69791 Introduction to nanomaterials Online (empieza 2 noviembre) ONLINE PRIMER CUATRIMESTRE

69793 Individual Project : L a V Mayo en laboratorios investigación

69794 Characterization I: Physical-chemical Techniques (como 66114) L a V 15 a 20h del 22-ene a 19 feb

69795 Characterization II: Advanced microscopies Caracterización II (como 66104) L a V 15 a 20h del 26-feb a 25 mar

69796 Fabrication of micro and nanodevices (como 66116) L a V 15 a 20h del 8 abr-29 abr

69797 Hybrid and structured materials Online Universidad de Montpellier. Sesiones online final mayo-junio
