

OFFERTA DE EMPLEO

People, Knowledge and Technology

You hold a Degree in Geology, Earth Science, Petroleum Geology or a related discipline and you are looking for a career with a difference that may take you around the world.

We are a leading international oil and gas service company, providing a broad range of services in the exploration and production industry. We are growing and adding new technologies and services to our portfolio. We have opportunities for:

MUDLOGGING GEOLOGISTS

We are looking for personnel to train in geological and drilling monitoring of oil and gas wells. You must be able to cope with the challenging work environment of the offshore industry, have good communication skills including an excellent command of English, be technically adept, proficient in the use of computers, and be ready to travel anywhere, anytime.

For a fulfilling career in the oil industry, send your CV and cover letter by e-mail to:
