

The ESRF is a multinational research institute, situated in Grenoble, France and financed by 19 countries mostly European. It operates a powerful synchrotron X-ray source with some 30 beamlines (instruments) covering a wide range of scientific research in fields such as biology and medicine, chemistry, earth and environmental sciences, materials and surface science, and physics. The ESRF employs about 600 staff and is organized as a French *société civile*.

*Within the Directorate Division, the Communication group which is responsible for the internal and external communication of the ESRF, including the ESRF Home Page [www.esrf.eu](http://www.esrf.eu) is now seeking to recruit a:*

## Web Editor (m/f)

### Fixed-term contract of 9 months

#### FUNCTION

You will be in charge of:

- Writing the content of Internet pages with technical information on the ESRF
- Reviewing existing Web pages with content owners, and copy-edit the pages
- Entering text and images into the Plone 2.5 Content Management System
- Ensuring reviewing of draft pages, and publish/delete Web pages as appropriate
- Proposing improvements to the navigation, graphics and interactive content of the ESRF Website.

#### QUALIFICATIONS AND EXPERIENCE

You should have a higher education qualification (Master, MSc, DESS, Diplom, Diploma, Ingeniera Superior, Licenciatura, Laurea or equivalent) in a scientific or technical discipline along with experience in editing Web pages for a scientific institute or a major university. Knowledge of the Plone CMS and of synchrotron science is an asset. English mother tongue and wide experience with technical writing in English is a requirement, and knowledge of other languages, notably French, an asset.
