

PhD. Thesis Position

A fully funded position to carry out a PhD Thesis within the project “*CHEMometric and High-Throughput Omics Analytical Methods for Assessment of Global Change Effects on Environmental and Biological Systems*” (CHEMAGEB, ERC Advanced Grant, Principal Investigator: Prof. Romà Tauler). The position will give the opportunity to work in a highly multidisciplinary team formed by well-reputed researchers of IDAEA and IQAC institutes (CSIC) located in Barcelona.

Requirements:

- BSc. and Master (or equivalent) in Chemistry or a related area (Pharmacy, Biochemistry, Biology, Biotechnology, etc.)
- Good academic records
- Self motivation, interest for research and the ability to work as part of a team
- Good interpersonal skills
- Although not mandatory, previous experience in Nuclear Magnetic Resonance spectroscopy would be highly valuable

Potential candidates are encouraged to contact: Ignacio Alfonso (ignacio.alfonso@iqac.csic.es)
