

Institution Name: Technion, Israel Institute of Technology

Attention: Adi Nusser

Organization: Technion

Address: Physics department, Haifa 32000, Israel

Email: adi@physics.technion.ac.il

The astrophysics group in the Faculty of Physics at the Technion seeks postdoctoral fellows in research areas related to astrophysics and cosmology including (but not restricted to) large scale structure, galaxy and AGN formation and evolution, high redshift Universe and numerical astrophysics/cosmology.

Current faculty members in the astrophysics group include Ehud Behar, Arnon Dar, Ari Laor, Adi Nusser, Hagai Perets, Giora Shaviv and Noam Soker. Fellows are expected to carry out independent original research, as well as collaborative work with faculty and/or students. The position is for 2-3 years pending on budget and progress. The start date is flexible (between October 2013 and May 2014).

Applicants should include a CV and a description of research work, and arrange for three confidential letters of recommendation to be sent directly to Prof. Adi Nusser. The deadline for application is October 30, 2013. Late applications will be considered until positions are filled. Description of research work/interests should not exceed 3 pages.
